October 27, 2008

Dear Elisha,

We at New Visions would like to thank you for creating a magnificent spa day for our girls at New Village Charter School and foster youth in the community. The girls loved being tended to, plucked, massaged and fed. Thank you for your presentation, the amazing products, and for envisioning and coordinating such a special event. The students continue to talk about it as a highlight from last year.

With gratitude,

Paul Cummins
Executive Director
