Dear Ms. Reverby:

On behalf of the children, youth and families of Para Los Niños, we thank you for your generous donation of \$1,200.00 (check# 1576, dated 6/22/2009). Your commitment and support will allow us to continue our mission of helping children, youth, and families succeed.

Throughout this financial crisis we are singularly focused on one, overarching priority: to maintain the quality of our teachers, our programs and the education we provide to the children and families whom we serve. We are personally and professionally dedicated to these goals and to our larger vision of lifting all children out of poverty and into better lives through the power of education and knowledge. Over the last year, we have only deepened that commitment with the expansion of a number of programs to meet the growing needs of our community. From our new middle school, to the growth of our gang prevention program, from increased training of our teachers to the expanded services of our case workers and counselors, our programs are more critical than ever for the health and well-being of those living in the most underserved neighborhoods throughout Southern California.

Without you, however, none of this would be possible. Your contribution will sustain and grow these and many other programs. Once again, thank you for helping Para Los Niños provide our children, youth, and families with a stepping stone for success and for recognizing that even in these troubling economic times, we cannot forget those who need us most.

Warmest regards,

Gisselle Acevedo
President and CEO
